

**RUCONEST**  
**SOLUTIONS™**  
Expertise. Delivered personally.

## Get your patients started on Ruconest with StarterRx today

**The RUCONEST SOLUTIONS™ StarterRx program provides initial vials of Ruconest to your patients so they can start on therapy while coverage is confirmed.\***

### **New Patients Receive:**

- ▶ Starter vials of RUCONEST to begin treatment
- ▶ In-home or virtual training on intravenous (IV) injection by a dedicated nurse, as often as needed†
- ▶ Assistance in accessing coverage, and copay support for RUCONEST therapy
- ▶ Access to the RUCONEST app

**For patients who have already used their StarterRx initial vials, and are awaiting coverage, additional vials of RUCONEST may be available to help avoid a gap in therapy with the Bridge-to-Therapy program.**

\*StarterRx and Bridge-to-Therapy programs are subject to product availability and may be modified or canceled at any time.

†Availability subject to the patient's geographic location.

**Get your patients  
started on RUCONEST today!**
